SONNET.

Last night, dear friend, I had a dream of thee,
Wrought out of Love and Music; such a dream
As when I woke, I wished might lasting be,
So pleasant in its passing it did seem;
I sat beside thee, that full voice of thine
Pouring a song of welcome in my ear! [mine
While from thine eye there sweetly dropped to
Those looks of love which lovers hold most dear:
The silent language for the inner ear:
Thy looks with every moment sweeter grew,
And sweeter, too, thy song,—until I found
In each a joy as rapturous as true,—
A consciousness that in both sight and sound,
I confirmation had, of love which had no bound.

THE BURGLARS.

(Continued.)

The men looked irresolutely at each other, but said nothing.

'Put this off, Charley,' said she, approaching Roke, and taking him by the arm— 'don't go to night—don't go, don't.'

'Blast me! but we will,' exclaimed the Tinker, angrily. 'What! miss a chance like this—a house as good as empty—all the folks away to see a dying man, except one daughter—and she alone with one servant—and that servant telling us all about it? Ain't we to go in like gentlemen, and help ourselves to the best—to the gold, the silver, the trinkets, and other little thingum-bobs of that nature, and then walk out like lords? Wouldn't we be the cursedest fools in the world not to go?'

The woman muttered something to herself, and went to one end of the cellar, and collected some dry brushwood, brought it to the fire, threw it on, and then stood silently watching the flame as it spread through the combustible matter, and roared up the chimney.

'That's sensible,' said Tinker; 'keep it up till we come back—work's your element, not gab.'

'Perhaps you'll find it ain't, to your cost some day,' said the woman with a faint laugh, and shaking her head. 'I have seen many a good fellow reach the end of his rope—perhaps I will see you too, although I don't want to. There was little Bill!'

'Pshaw,' interrupted the Tinker, 'he was your sweet heart!'

'What if he was? what if he was? demanded the woman, fiercely, shaking back her loose hair, and confronting the burglar with flashing eyes and her fists clinched. 'I say, what if he was? He was more of a man than any of you. There was not a bolder heart or a truer among the whole of you. He was the head of you all—ay, and you know it: and you, Tinker, d—you! it was in trying to save you that he was caught—yes, you—you—you!' exclaimed she in a perfect scream, and shaking her fists furiously in the face of the man, who stood still, looking at her without even winking.

'It is all true, what you say, Sal,' said he at last, 'he was so. I shant forget it in a hurry. When Little Bill went, we never got his place filled. I am sorry for what I said, Sal; you must not mind it. Here's my hand.'

The woman took his hand, laughed, and

said something, partly to him, and partly to herself.

'That is right,' said the Tinker; 'you are a queer one, and we all laugh at you sometimes—you do not mind that?'

'No, no,' said the woman, 'I am used to it. Every body may do it now. The whole world laughs at such as me, and tramples them down, down to the very dust. I deserve it, I suppose; but there was a time, when I never thought to have been what I am; nor here with two thieves for my friends—no, no, I did not. Good God, why did I not die when I was a child, or even five years ago? why did not I? Do you ever pray, Tinker? said she, earnestly, at the same time taking hold of his arm.'

'Why, what a taking the woman's in! said the person thus addressed, pausing in the net of thrusting a knife in his pocket, and staring her full in the face. 'What ail's you? suppose I do pray, what then?'

'Then,' said she in the same vehement manner, 'thank God you are not a woman.' 'O, that's it, is it!' said he, depositing the knife in his pocket. 'Cover up the bull dogs, Charley Roke, don't let 'em get yet. The powder's first rate; I've tried it before. Now then, Sal, open the door.'

The woman obeyed; and dashing into the street, they directed their steps towards the north-western part of the city. The rain fell in absolute masses, and the night was so dark that they could scarcely see each other. They crossed Centre street, up Broadway, and struck into a by-street to the west of it, without meeting even a watchman.

'This is great, Tinker,' said Roke; 'we have it all to ourselves. But it is the cursedest rain I ever did see, and it blows like blazes.'

His comrade made no reply whatever;—but holding his head so as to keep the rain out of his face, kept doggedly on. Nothing further was said until they came to a large house in one of the upper streets, and standing by itself. Here they stopped.

'Go down the street, Roke, said the Tinker, 'and see if there's any stragglers.'

Roke immediately left him and was hid in the darkness. In a few minutes he returned.

'Nobody—I've been on both sides.'

'All right,' said the other, in a low voice. 'Stand here till I try the keys. Look sharp that no one comes.'

The burglar stole cautiously up the steps and first applied his eye to the keyhole of the door, then his ear.

'Any light above, Charley?'

'Black as hell—go on; will you?' said Roke, who now seemed as earnest and as morose as himself.

(Concluded Monday.)

FIRMNESS OF CHARACTER.—There is no trait in the human character so potential for weal or woe as firmness of purpose. It is wonderful to see what miracles a resolute and unyielding spirit will achieve. Before its irresistible energy the most formidable obstacles become as cobweb barriers in its path. Difficulties, the terror of which causes the pampered sons of luxury to shrink back with dismay, provoke from the man of

lofty determination only a smile. (The whole history of our race—all nature indeed—teems with examples to show what wonders may be accomplished by resolute perseverance and patient toil.

NEWPORT DAILY NEWS.

SATURDAY, NOVEMBER 14, 1846.

Laté accounts from Monterey state, that General Taylor and his principal officers have suggested to the President and War Department, the propriety of permitting the Army to remain at Monterey, and intermediate posts on the river, and forage on the enemy as well as they can, and to concentrate an additional force around Tampico and Vera Cruz; and to make an attack in those parts, in connection with our Naval force,—as nothing more can be gained by pressing any further into the interior of Mexico, from the North.

Advices from the city of Mexico to the 28th of September, state that Santa Anna left the capital that morning with 2000 cavalry and 1000 infantry, for San Luis Potosi. \$27,000 was the sum total with which he started.

Fifty odd persons, officers and crew of the United States brig Truxton, have been surrendered by the Mexicans to Commodore Conner, for the liberty granted Gen. Vega and two subordinate Mexican officers to return from New Orleans, either by way of Havana or Pensacola, to their native home.

The United States Circuit Court, Judge Woodbury presiding, will commence its November Term, in Providence, on Monday next; there is a large Docket of business for trial.

NAUVOO.—Governor Ford entered Nauvoo on the 28th ult., with 200 men and two pieces of cannon. It is said he intends to continue a strong posse in the city until the legislature meets in January, and in the mean time, to take such steps as will tend to redeem some of the past errors.

REVOLUTION AT YUCATAN.—Accounts at New Orleans report that the people of Campeachy and four garrisons had pronounced against the government. It was said that the port of Campeachy was blockaded by the Americans. The above was discredited at New Orleans.

The report of the death of Senator Beach is doubted.

FROM VERA CRUZ.—Letters from Vera Cruz, dated the 30th September, state that the fortress of San Juan de Ulloa is now only manned by a force of from 300 to 400 men. The garrison at Vera Cruz numbers 600. A French bark, called the Duvierv, managed to evade the blockade on the 25th of September, slipping into the port unperceived.

The Vermont Legislature, previous to adjournment, passed resolutions that Vermont will not give her assent to the admission of any new State to the Union, whose Constitution tolerates slavery; and declaring the opinion of the House that the war is merely an offensive one against a neighboring republic, and that the honor and best interests of the nation will be subserved by its speedy termination.

Most sinners seem to serve the devil for pay; but profane swearers are a sort of volunteers, who get nothing for their pains

PATENT AIR-TIGHT STOVE.—We stepped into the store of Messrs Coggeshall & Bliss last evening, and examined one of "Hedenberg's Patent Air-Tight Parlor coal stoves," in full operation. It is one of the neatest stoves that we ever saw, and is really an ornament to a room. It is constructed as to radiate the largest possible amount of heat before it passes from the stove; the cylinder will only hold about two quarts of coal, and by closing the damper and draft, this is amply sufficient to heat a large room, for a great length of time. For beauty, durability, cleanliness and convenience, it is entirely unsurpassed by any other pattern. We can't attempt a full description of this stove, but recommend all our readers to examine one, now in full operation at the store of Messrs Coggeshall & Bliss; its cheapness will recommend it to every one.

SNOW ON THE MOUNTAINS.—In Delaware county, N. Y., last week, the mountains were covered with snow, the thermometer down to 22, and the ice half an inch thick on the ponds.

Vermont and Louisiana hold their thanksgiving day on the 26th inst. This is said to be the first attempt of the Louisianians to celebrate this annual festival.

Corn can be had in any quantity, in Jackson county, Mo., for fifty cents a bushel. The crop, the Independence Exposition says, was never more abundant.

It is stated that a large portion of the foreign merchandise imported into New York continues to go into the Public Warehouses, for the sake of being brought into market at the reduced rates of duty under the new Tariff, which goes into effect on the 1st of the ensuing month.

The weather is just about right now to enjoy a good plate of Oysters, occasionally, before going to bed, and Pell is just the man to serve them up as they should be. Everything is in excellent order at his establishment, and his oysters are always fresh from the beds, so that the most delicate epicurean can be gratified, at the shortest notice.

There were received at the Albany Canal office during the first week in November, 99,602 bbls flour, 334 do. shes, 173 do. pork, 173 do. beef, 1,197,200 lbs cheese, 549,700 do. butter, 206,800 do. lard, 108,300 do. wool, 109,044 do. wheat, 26,616 do. corn 91,993 do. barley.

NO MORE TROOPS WANTED.—Secretary Marcy has written to a gentleman in Delaware, to say that there will be no farther call for any volunteer or militia force, with a view to the existing war with Mexico, as a sufficient amount of force for the prosecution of that war has, it is believed, been already called into service.

NAVY YARD.—On Monday last, Com. Daniel Turner entered upon the duties of Commandant of the Portsmouth Navy Yard. He was received at the yard by the accustomed salute. Com. T. was Captain of the yard about fourteen years since, under Commandores Henley and Crane.—*Portsmouth Journal.*

COMMENCE OF NEW YORK.—The commerce of the port for the week ending Friday, included 39 foreign arrivals, with 2492 passengers, and 16 clearances, 4858 tons. The exports amounted to \$266,431, and included 22,083 bbls. flour, 36,717 bushels wheat, 67,859 bushels corn, 271,198 lbs rice, 534,007 lbs. cheese, 847 bbls. and 81 keils beef and pork, 1589 bbls. corn meal, 1161 bales cotton.

McLAUGHLIN INDICTED.—The Grand Jury have found an indictment against Francis McLaughlin, deputy keeper of Blackwell's Island Prison, for aiding the escape of thirteen convicts therefrom, and also for neglect of duty.

A public meeting in Michigan has nominated Lewis Cass for the Presidency.

THE AGE OF IMPROVEMENT.—Among the many blessings attendant upon improvements in the social condition, and the advances of our race in intelligence, is the prolongation of human life. With the increase of intelligence, has grown up a knowledge of the elements of health, and a regard for them, and commensurately with the strides of science, have we acquired the means of arresting disease, and averting its ravages. Notwithstanding the progress we have made, statistics show that even now, one sixth of the whole population die annually of consumption.

One of the most important discoveries of the age in ameliorating the condition of this large class of suffering humanity, is Dr. Wistar's Balsam of Wild Cherry. What time establishes and consecrates, what experience adopts and confirms, what all men in all places unite in saying is good and valuable, is so, no doubt. A popularity of this sort fixes in society its roots so deep and so strong, that time cannot destroy it. The success which has attended this medicine for several years past, has overcome the prejudice of all respectable and sensible men, and the article has taken a stand among the first class of discoveries and blessings of the age; and when resorted to in season, eradicates the disease for which it is recommended.

Dr. Banning's Patent Body Lace, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lace, and be put off with nothing else.

WARREN, August 22, 1846.
Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lace which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lace, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

Genuine Bears Oil—Highly Perfumed.

Perhaps our ladies and fashionables are not aware that three quarters of the 'Bear's oil,' (so called,) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada, and the North Western territory, and who never sells an ounce until he knows it to be genuine. The real Bear's oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

When the pain proceeds from the face or gums around a tooth apparently sound, this application will give speedy relief, by rubbing a few drops to the part affected. Price 25 cent. CLOTHING. CLOTHING.
 Large enough for the largest man, and small enough for the smallest boy.

 But here's our motto—"we sell cheap."

NO better article for the effectual cure of the above, and all complaints of the Breast and Lungs was ever made, than that long known and justly celebrated remedy, called WINTER'S MEDICATED CANDY. It promotes expectoration, removes hoarseness, and positively without fail cures the worst cough, if entered, when used in connection with the Cough Pills, which all who purchase 4 ounces or more of the Candy, are gratuitously entitled to. This candy has been in successful use for 14 years, and in no case whatever, where a cure could be possibly effected, has it failed. It will not cure Consumption, but it will cure Croup, Croup, Hoarseness, and all the common pulmonary affections. It not only contains a strong decoction of Horehound, Bonset, Bolsofoot, and various other herbs, but the best Cough Balsam that can be possibly used, such as is daily prescribed by our first Physicians, in pulmonary complaints. All those who have tried other Cough Candies without success, are invited to use this, and the most incredulous will be satisfied that it is all it pretends to be. Sole agent in Newport,

Bogle's Hyperion Fluid, Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing **BALDNESS AND GREY HAIR.**

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by **WM. BOGLE,** 229 Washington, corner of Summer street, Boston. Sold in Newport by **R. J. TAYLOR.**

DR. BANNING'S PATENT LACE!
An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griscom of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,

Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1833, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. **Wm. RANNEY**

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dr. Boardman,

Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, protrusion of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. aug. 29th.

STEPHEN BROOKS, JR.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher, J. * *

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. aug 28

PEACH, Rose, and Orange Flower Water, in large or small quantities, at **R. J. TAYLOR'S**, June 30.

From the Brooklyn Daily Advertiser.

IS A BEAUTIFUL YOUNG LADY residing in W. street in this city; has received great and unexpected benefit from the use of that excellent specific **RADWAY'S CHINESE MEDICATED SOAP**. Some few weeks since she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, **RADWAY'S CHINESE MEDICATED SOAP**, she complied with our request, and in three days there was not a single spot, blotch, pimple or blotch left upon her skin; and her complexion is now as fair as the Lily.

Ladies, secure without delay a cake of this estimable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12-12 cents per cake. Sold in Newport by **R. J. TAYLOR, Agent.** Aug 7

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the **MOTHER'S RELIEF** before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all morbid and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for **BARTHOLOMEW'S Mother's Relief**. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

LORRAINE'S PILLS.

All persons require Pills.
DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicine had failed. In fact there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of such of truth and virtue.

Lynn, Dec. 17th, 1843.

Sir: I have sold all the pills I last had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood, I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time. Yours respectfully,

J. E. P. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them, whatever; but, on the contrary, they have been *praised* loudly. I think we could have quite a number of highly respectable certificates from our citizens.

Yours respectfully, E. MASON.

Chely, June 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I fear of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, W. M. HASTAL.

OPINION OF A SKILLFUL PHYSICIAN.

Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physis, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the Banner from all others. This extraordinary medicine has actually done *Wonders* within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.

PILOTAGE.

THE subscribers respectfully inform the public, that they are in constant attendance as Pilots on this Coast and Bay, and by their long experience in the profession, which is well known to merchants and mariners, gives them advantage over those persons who have lately intruded themselves into the profession, without practical experience or skill, and are constantly endangering the lives and property entrusted to their management.

We trust that this notice will be suitably appreciated by all masters and owners of vessels, who have a due regard to their own interest and security.
